

Friday, May 29, 2020

To All,

I will not be extending the Executive Order for Hickman County Declaring a State of Local Emergency.

The current order will end today, May 29th, 2020.

As restrictions continue to be eased by the State of Tennessee, Hickman County will follow that lead.

I will continue to ask all citizens of Hickman County to follow Governor Lee's Executive Orders thru Number 38 and any additional restrictions, clarifications, or information given by the Governor.

I hope everyone continues to remain healthy and safe! Mark
