

To All,

I received a phone call from David Hudgins this morning in reference to the property he is auctioning. Because of some issues with HiBids recently being compromised they have pushed the actual auction date back to Thursday, Oct. 21st at 6:00 PM.

I am rescheduling the Special Called Meeting for the Full Commission to Thursday, Oct. 21st at 5:30 PM at the Justice center to consider making a bid on these properties. By postponing the meeting, we will have a better view of the current bids at the time we meet and you can decide if we want to engage in bidding on the 3 properties.

Also, this Special Called meeting will take place on the same night as the Reapportionment Committee is already scheduled to possibly meet at 7:00 PM if that committee is not able to resolve all issues on Tuesday, Oct. 18th.

I plan to schedule a time next week to look at the property and the 2 current houses located on those 3 parcels of land. I will let you know the day and time if you want to show up and look also.

Please call if you have any questions. Mark
